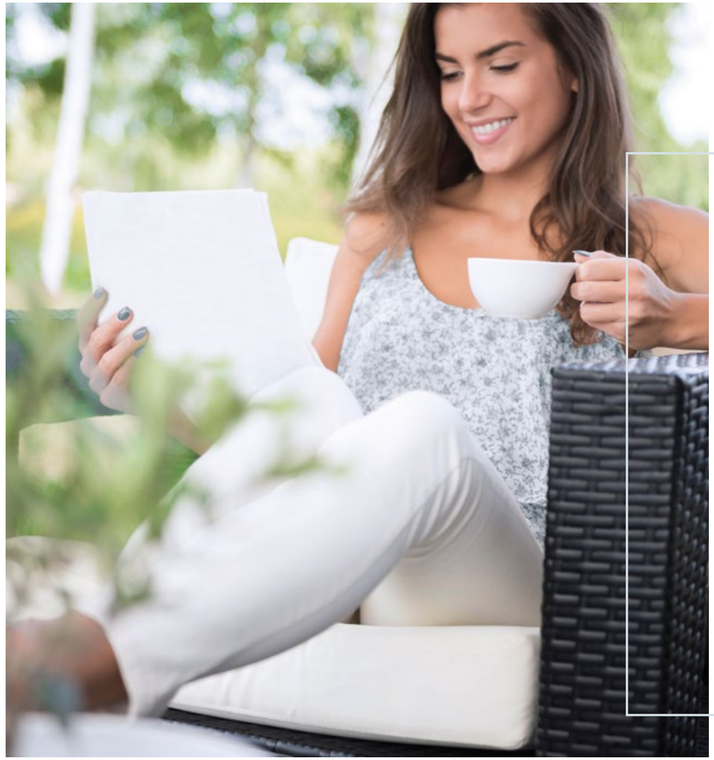
SHADEMASTER®
SHELTER SYSTEMS

Single Skin

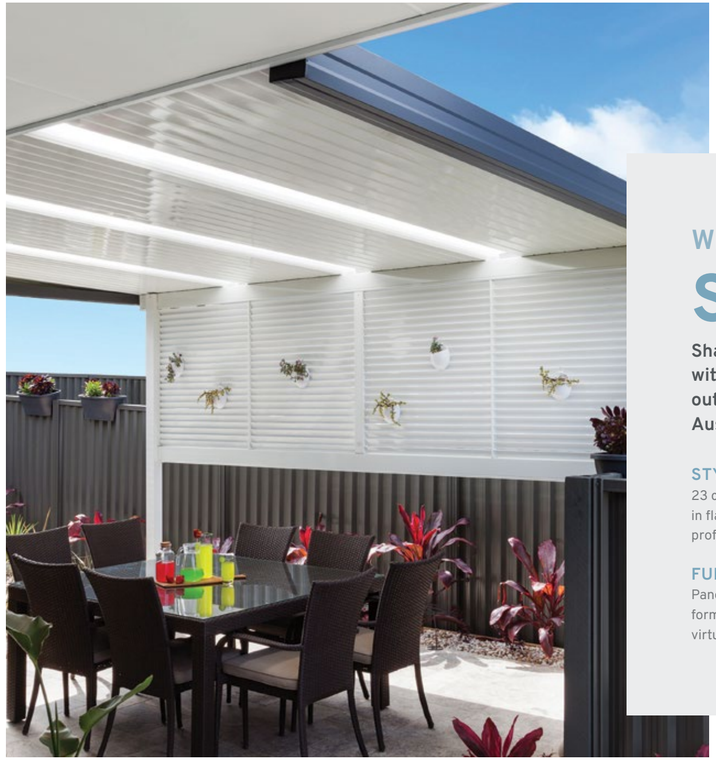
Roofing Solutions



SOPHISTICATED

Outdoor Living

Make the most of your outdoor living space with a Shademaster® Shelter System. Whether you are after a patio, carport, alfresco, room extension, gazebo or custom solution, the design possibilities are endless with Shademaster.



WHY CHOOSE

Shademaster?

Shademaster Shelter Systems provide you with the solutions you need. Achieve the outdoor living space you desire, with quality Australian made roofing in a range of colours.

STYLE
23 colour combinations in flat and W-Pan panel profiles.

VERSATILITY
Suitable for a wide range of traditional & modern designs.

FUNCTION
Panels clip together to form a weather-tight, virtually undetectable seal.

NATURAL GLOW
Integrate Shademaster Naturelite panels to allow natural lighting.

ENJOY THE BENEFITS WITH

Shademaster Roofing

Endless designs. Engineered to last. We've got you covered with quality tested Shademaster roofing that is designed and built for Australian lifestyles.

MADE IN AUSTRALIA

Crafted in Australia by Hunter Douglas Limited, with experience and expertise in producing premium, high quality products.

10 & 15 YEAR WARRANTY*

Enjoy total peace of mind with a 10-year Warranty on steel or a 15 Year Warranty on Aluminium Shademaster roof panels.

MINIMAL MAINTENANCE

A durable and easy-to-clean finish with the HD COLOR-COTE® coating process.

OPERATIONAL TESTING

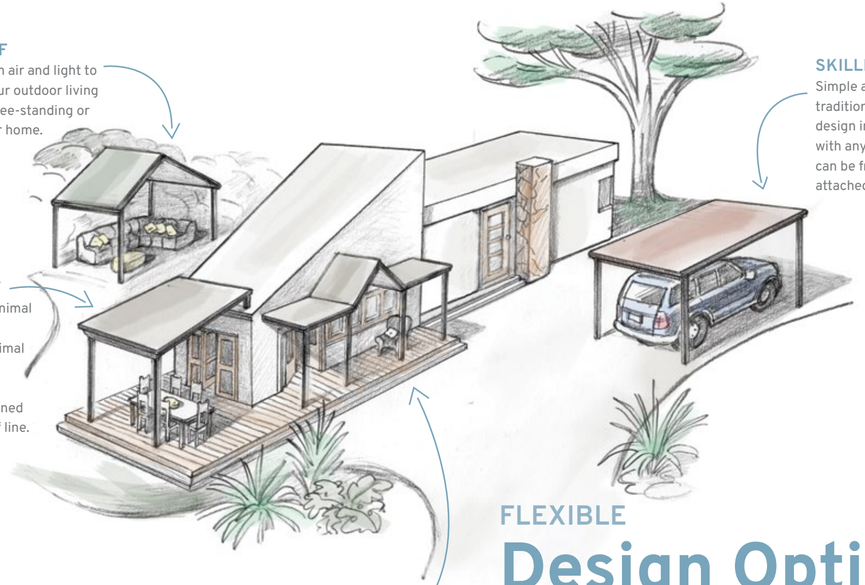
The W-Pan# and Flat Pan## Profiles have been independently tested and approved for cyclonic regions.

*Conditions apply. See www.shademaster.com.au for warranty document.
Refer to James Cook University Testing Report TS741 – December 2013 for further information. NATA Accredited.
Malonovic Neale - Consulting Engineers - S8186-RPT01 – "Shademaster Single Skin Flat Span Tables"

GABLE ROOF
Allows maximum air and light to flow through your outdoor living area. It can be free-standing or attached to your home.

SKILLION ROOF
Simple and versatile, the traditional Skillion roof design integrates easily with any surroundings. It can be free standing or attached to your home.

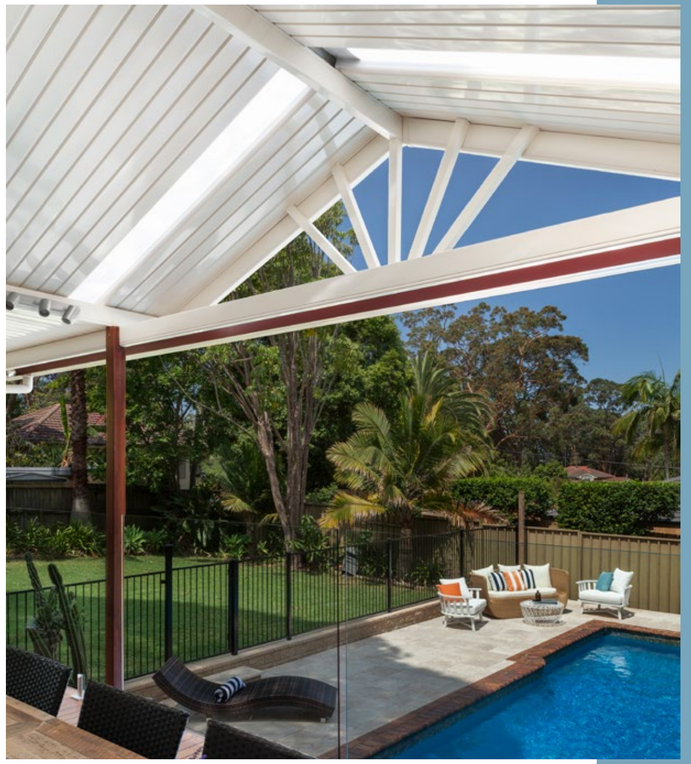
FLYOVER ROOF
High ceilings and minimal framing create open living areas with optimal airflow and plenty of natural light. It is attached and positioned over an existing roof line.



GABLE & SKILLION ROOF COMBINATION
The spaciousness of the Gable roof design combines well with versatile Skillion roofs to create a unique highlight for any home. It can be free standing or attached to your home.

FLEXIBLE
Design Options

The Shademaster steel and aluminium single skin range is suitable for a variety of structural designs from patios, alfresco areas, outdoor rooms, gazebos, carports, and complete custom designs.



*Conditions apply. See www.shademaster.com.au for warranty document.

UPGRADE TO
Aluminium Roofing

Opt for Aluminium roofing for ultimate environmental protection and durability.

Whilst Shademaster steel roofing is suited for many roofing designs and locations, Aluminium roofing is the ideal choice for coastal and harsh marine environments.

CORROSION RESISTANT
Ideal for marine environments, pool & spa areas.

HIGH STRENGTH
Ensures durable structures.

REFLECTIVITY
Reflects more heat & cools down quicker.

15 YEAR WARRANTY*
Enjoy total peace of mind with a 15 Year Warranty* on Shademaster Aluminium products.

SINGLE SKIN

Roof Profile Options

Flat Profile
White Bay ceiling colour

W-Pan Profile
Yalumba ceiling colour

Customise your look with the choice of 2 Shademaster profile options for your new undercover area.

Each panel features a clipping system that locks the panels together, forming a virtually undetectable weather-tight seal.

W-PAN PROFILE

Robust and long-lasting, the strong W-Pan profile creates outdoor undercover areas built to last.

FLAT PROFILE

Replicating a flat 'ceiling' appearance, this profile creates bright spaces by allowing light to easily reflect around the covered area.

CLEVER

Naturelite System

Flat Profile with Naturelite White Bay ceiling colour

For letting some light into a dark covered area, Shademaster Shelter Systems offer the perfect solution.

The Naturelite System features translucent panels that integrate with the single skin roof panel to allow natural light to filter through.

NATURELITE
W-Pan Profile

NATURELITE
Flat Profile

Features a domed exterior shape to prevent debris from accumulating on top, ensuring a cleaner appearance from the underside.

THE 3 STAGE

HD COLOR-COTE®

COATING PROCESS

The Australian Shademaster manufacturing facility pioneered the coil coating process developing the HD Color-Cote process. This process optimises the roofing quality to ensure your Shademaster roof maintains its premium look.

CORROSION RESISTANT

Built to withstand the harsh Australian outdoors with corrosion resistant properties.

SMOOTH FINISH

Roller coating allows for a consistently smooth finish every time compared to powder coating.

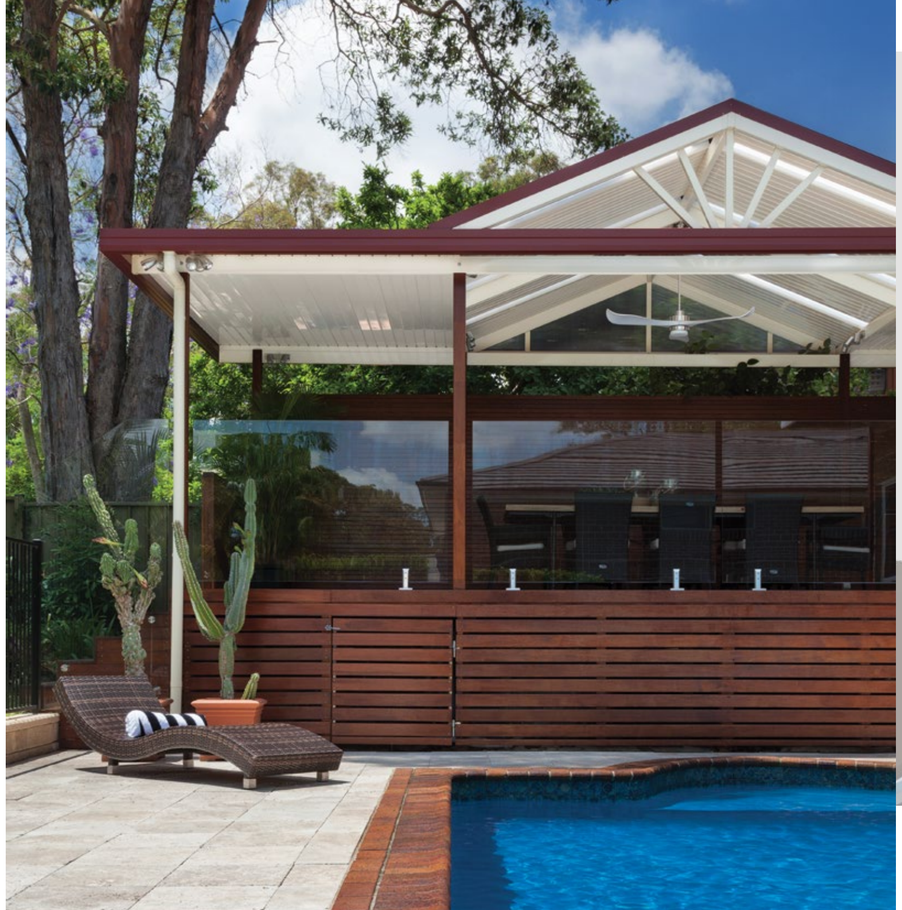
COLOUR RETENTION

One of the most durable modern coatings available.

SUPERIOR HIGH GLOSS

Higher gloss coatings offer more vibrant colour, easy maintenance and enhanced fade resistance.

The coating process carried out by Hunter Douglas Limited is designed to meet all appropriate test requirements of AS / NZS 2728-2007 prefinished/prepainted sheet metal products for interior/exterior building applications – performance requirements.



STAGE 1

PRETREATMENT

Hot alkaline cleaning of metal followed by roll-on application of chromatic conversion coating, preventing corrosion & for improved paint adhesion.

STAGE 2

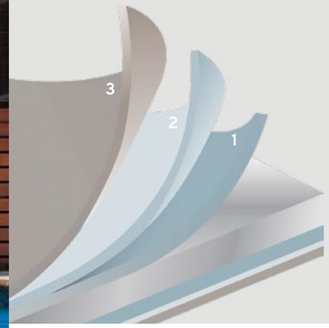
PRIMER APPLICATION

A specially formulated polyester primer for flexibility and corrosion resistance.

STAGE 3

FINISH COAT APPLICATION

A polyester-resin top coat designed for greater exterior durability and flexibility.



SINGLE SKIN
